

This signature list compiled by TL. List alphabetized by signature icon. Non-letter signatures are listed at the end. If you know the name of the author and want to find out their signature, select "control-F" and type in the name. Nearly all of these signatures are as they appear on units. If you would like to send a comment (like cluing me in on a signature I don't know), feel free to email me temur_i_leng@yahoo.com.
